I recently completed an MSc in Business & Finance at Warwick Business School, where I gained advanced knowledge and skills in finance, business, and management. My interests lie in exploring the latest trends and innovations in the finance industry and applying them to real-world scenarios and challenges. My goal is to leverage my education and experience to pursue a career in finance.

EDUCATION & QUALIFICATIONS

WORK AND LEADERSHIP EXPERIENCE

Urbanbriq, India, Gurgaon, **Financial Analyst**

Apr 2021 - Aug 2022

- Identified, assessed, and managed financial risks related to the real estate industry, such as interest rate fluctuations, market volatility, or regulatory changes
- Collaborated with the management team to develop a sophisticated financial model, instrumental in launching a pioneering venture in the historic town of Neemrana, Rajasthan
- Conducted in-depth investment analyses for 20+ diverse projects, evaluating risks and opportunities concurrently and calculated IRR for projects across 5 cities, offering key insights for decision-making and investment strategy
- Crafted compelling proposals to facilitate potential project acquisitions, demonstrating a proactive approach to strategic growth and expansion opportunities

AIESEC, India (University of Delhi), India, **Senior Manager**

Feb 2020 - Feb 2021

- Coordinated with over 50 Indian start-ups, MNCs and NGOs
- Facilitated exchange of incoming students and fostered positive international relations and partnerships with AIESEC units worldwide

Rotary Club, India, **Summer Intern**

May 2020 - Aug 2020

- Developed impactful PowerPoint presentations to raise awareness and orchestrated outreach programs targeting underprivileged communities
- Spearheaded fundraising efforts by meticulously researching potential donors, authoring persuasive grant proposals, and orchestrating successful fundraising events, acquiring over 50,000 Rs in funding

Unifit, India, New Delhi, **Finance Intern**

Sep 2019 - Mar 2020

- Analyzed cost-cutting programs and administered financial expenses and strategies
- Leveraged Excel to conduct intricate financial data analysis, develop robust financial models, and execute comprehensive scenario analyses, facilitating data-driven decision-making processes
- Onboarded new partnerships and worked on the adoption, retention and growth of new clients

Haldiram Fin-Cap, India, New Delhi, **Finance Associate (Intern)**

Feb 2019 - Sep 2019

- Researched and assessed 100+ potential investment opportunities across various asset classes, including real estate, stocks, bonds, and financial instruments, facilitating well-informed decision-making processes
- Engaged in close collaboration with the finance team to craft and sustain budgets and forecasts for investment initiatives, meticulously monitoring actual performance against predefined targets
- Demonstrated skill in portfolio management and effective budget oversight to ensure the attainment of financial goals and objectives

EXTRA-CURRICULAR EXPERIENCE

- National Leadership Development Summit (2020) - NLDS is an annual festival of youth leadership that has brought together young leaders from around the country since 1950. It takes the shape of an event where the organizational state of things is evaluated, new goals are defined, and perspectives and experiences are shared, all to cater to the interests of global youth and global concerns
- YouCon 2.0 International Conference (2020) - YouCon 2.0 included more than 50 local and international guest lecturers and performers. Participated as a delegate to learn more about digitalization and make connections across the world
- Reliance Foundation Youth Cup (2019) - Reliance Foundation Youth Sports is a multi-sport platform for high school and college players that operates across the country. Played in University club team as a midfielder
