Third year student in Politics and International Relations at the University of Kent in cooperation with Sciences Po Lille (France), I am looking for an internship or work experience opportunity in Kent or London, related to politics or public administration, more specifically European affairs from the middle of May to end of June 2023, between the end of my examinations and return to France.

Thanks to my previous experiences, both as intern and volunteer, I gained soft and hard skills on organization, team cooperation and team leadership. Meeting deadlines, working efficiently, and getting responsibilities are things I am comfortable with.

Education and Qualifications
