### **Summary.**

---

A resourceful and value-driven individual with 1+ year experience working in accounting sector and post-graduate studying business analytics at the University of Law, Birmingham. I'm a growth-inclined, result-oriented, and enthusiastic individual imbued with a solid background and understanding in managing business operations and performance to ensure improved profitability through an in-depth insight into business analytics, operational management, and data analysis.

I am currently seeking to work within business corporates and enterprises to contribute positively while building my career

### **Work Experience**

---

#### **Accounting Intern (NYSC)**

**Oyo State Ministry of Youth and Sport, Ibadan**

**October 2021 – September 2022**

- Deployed high-level knowledge in accounting to reconcile financial statements and records of the ministry to ensure the authenticity of the commission's revenue and expenses, confirm transaction accuracy and identify errors or omissions.
- Collaborated with the core accounting team to prepare a budget forecast and financial report. Handled monthly, quarterly and annual closing.
- Managed the ministry's account and ensure the timely payments of salaries and bonuses to staff members.
- Performed ancillary functions and duties during my stint at the ministry.

#### **Compliance Officer Intern**

**Bekerly Scott Consulting**

**April 2019 – September 2019**

- Collaborated with the Regulatory Affairs and Compliance team towards addressing regulatory concerns, reviewing the company's policies and developing compliance programmes.
- Ensured the implementation of improved initiatives and regulatory schemes and develop compliance testing initiatives to monitor and identify potential pitfalls in the new and existing policies.
- Collaborated with the sales and marketing teams and other business units to address indications of improper sales practices and market conduct violations.
- Designed and implemented internal test control to verify employees' compliance with established policies and procedures.

### **Education**
