

Yann Marchelli

I am a student in my 4th year of engineering degree at Polytech Nice Sophia, specializing in Applied Mathematics and Modelisation. I am looking for a 2-month internship starting in July followed by an apprenticeship for 2023-2024, my final year of studies, in the field of Data Science.

Education

2019 - Today

Polytech Nice Sophia (France)

Engineering degree - Specialized in Applied Mathematics and Modeling (MAM course)

Through this course, I worked on many projects :

- **Image compression with algorithm (Python)**
- **Particle Swarm Optimization (Python)**
- **Large data analysis (R)**
- **Graphical user interface for fusion research (Matlab)**
- **Small games (Java, Python)**

2019

Parc-impérial High School - Nice

Science baccalauréat with "Very Good" honours

Experiences

July - August 2022

Centre International de Valbonne, Valbonne, France

Housekeeper assistant

I was in charge of supervising the site's cleaning team, made of around ten persons.

April 2022 - Today

BDE Polytech Nice Sophia, Biot, France

BDE's Prevention supervisor

I am a member of the "Bureau Des Élèves" (main students' association) of my school, in charge of organizing various events, and more specifically of the prevention (drugs, sexual harassment, safety...)

August 2021

Centre International de Valbonne, Valbonne, France

Versatile employee

I was in charge of various cleaning tasks on the site (rooms, roads, surroundings)...

Others : assessor (3 times between 2021 and 2022), cleaning agent when I was 16 y.o., representative of my school in students fairs, intern in a multimedia library in 2016.

Informations

Born on 18/10/2002 (20 y.o.) in Nice
